

The background of the entire page is a photograph of two hands held up, palms facing each other, with a bright sun positioned between them. The sun is low on the horizon, creating a warm, golden glow and a lens flare effect. The sky transitions from a deep orange near the sun to a darker blue at the top and bottom. The hands are dark silhouettes against this bright background.

2022 ANNUAL REPORT

Leading with creativity, flexibility and resiliency
to serve our community.

As we look back on 2022, we reflect on the impact that our Recovery Resources' employees, board members and philanthropic supporters had in serving our community. We reflect as well on the changes to our community and how we deliver care and services in the post-COVID world.

Recovery Resources' employees provided care and services to more than 4,000 community members. Our medical, clinical treatment, case management and peer support colleagues supported individuals and their families along the path to recovery. Our Employment and Vocational Rehabilitation teams helped individuals prepare for, find and sustain employment. Our Women's recovery home staff and other residents celebrated individuals as they graduated and moved to permanent housing.

In response to COVID-19, Recovery Resources and the community created new opportunities for how we deliver care and services. As we continue to advance after the end of the public health emergency, we continue to offer both virtual and in-person treatment and group visits based on the needs and access of our clients. We have also transitioned back into the classrooms and community access points through the work of our Prevention Team and Employment and Vocational Rehabilitation teams.

Our exceptional employees provided education across our local community and at the State level.

- Clinical Supervisor Jacqui Santiago and Clinicians Mary Volk and Karen Allenick presented at Ohio's 2022 Opiate & Other Drugs Conference, on the topic of: The Application of Trauma-Informed Care Principles with Substance Use Disorders.
- Recovery Resources and the Cuyahoga County Problem Gambling Coalition hosted the Cuyahoga Problem Gambling Symposium Virtual Summer Symposium
- Recovery Resources was a partner and presenter supporting the Teen Mental Health Summit at Rocket Mortgage Fieldhouse which had around 600 attendees.
- In anticipation of the legalization of on-line sports betting, Recovery Resources and the Cuyahoga County Court of Common Pleas, Ohio for Responsible Gambling, The Ohio Lottery Commission, The Ohio Casino Control Commission, The Ohio State Racing Commission and OhioMHAS launched the Problem Gambling Addiction Program. Recovery Resources provides the clinical services to those engaging with the Courts when screened positive for gambling addiction.

The Recovery Resources' Associate Board, Sponsors, now board member Bret Buike (2023), and our community raised \$40,000 to support the needs of our clients through the 10th annual Run for Recovery. The dollars raised through the Run support the needs of clients such as food, clothing and transportation assistance. This year's Run for Recovery is Saturday, August 12, at the Cleveland Metroparks Zoo. To learn more, run/walk, volunteer or donate, please visit 2023 Run for Recovery (recres.org).

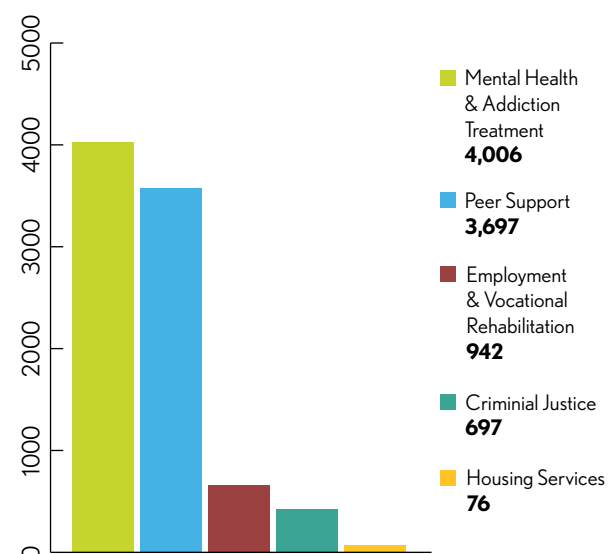

Finally, we thank you for taking time to learn more about Recovery Resources, its impact with our clients and in our community. We invite you to keep our phone number and website available as we know that the best time to help connect someone in crisis is in the moment. You can make an impact by helping to make the connection.

2022 FINANCIAL HIGHLIGHTS

REVENUE SOURCES

Through the generosity of donors, private grants and funding through Ohio MHAS (Mental Health & Addiction Services), the Cuyahoga County ADAMHS Board (Alcohol, Drug Addiction and Mental Health Services) and SAMHSA (Substance Abuse and Mental Health Services Administration), Recovery Resources was able to add clinical programs, provide additional technology and improve safety and security for clients and employees. Additionally, donations received provided day to day necessities that made it easier for clients to access care and services.

HOW GIFTS SUPPORT OUR SERVICES

Sources of Funds

Annual Donations	\$178,753
Run for Recovery	\$39,964
Circle of Strength & Hope	\$2,625
